**Author, Illustrator, Speaker**

Kay began her writing career at the youthful age of only 64. Before that time she enjoyed a 20 year career as a successful realtor. She and her husband (James) of 40 years own a retail store in Rockwall.

Kay's writing enthusiasm began three years ago when she was homebound with an illness. During her convalescence she turned to writing and has been doing it non-stop ever since. Her first novel, HEART TO HEART FOREVER (see book jacket below) is newly released and can be ordered on Amazon.com very soon. ILLIANA and DANGEROUSLY COMPULSIVE are the next two books waiting in the wing and are already half way penned. And it does not stop there! Kay also writes children's books. She is currently writing SIX children's books that form the series THE ADVENTURES OF THE SHADE TREE GANG. More on this later!
